# UNIFORM CARE

Please follow the care instructions below to ensure that your uniform will stay in good condition for as long as possible.

It is possible to machine wash your uniform however we recommend using a gentle cycle & cold water. Please follow the below instructions to ensure optimal care for your uniform.

All of our Studio T-Shirts & Singlets are 100% Cotton. Please ensure you wash these in cold water as they will shrink if washed in warm/hot water.

**DO NOT** iron any of your uniform items or over the screen printing on your Studio T-Shirts or Singlets.

## WASHING INSTRUCTIONS

1. Wash uniform using a mild detergent. (Avoid using any fabric softeners.)
2. To dry, lay on a flat surface out of direct sunlight. **DO NOT hang in the sun, this will fade the fabric dramatically.**

If you find marks or stains on your leotard it is best to remove them before you wash it. It is common to get sweat stains on your leotard as a result of intense exercise during class, especially under the arms. It is possible to spot clean these using a stain removal kit or pre-wash liquid. DO NOT rub the fabric against itself.

Stockings can be machine washed, in a bra bag. This is to ensure they don't get caught on other items of clothing which can cause ladders

Chiffon wrap skirts shouldn't require washing as frequently as other uniform items. DO NOT machine wash these skirts as they will rip &/or pull. Gently hand wash using mild detergent or spot clean.

If you are uncertain about the care of any uniform item, please contact the office.
